Dear Thomaston Center School Families,

Thomaston Center School is excited to announce that we are using a computer program called Front Row. With Front Row, your child has been able to practice Math, ELA, Social Studies and Science at his or her own ability level!

You and your child can access the program in a couple of ways:

1. Access the program online at frontrowed.com using Google Chrome as your browser, selecting "Student sign in" at the top of the page.
2. Access the program on an iPad with the free app: frontrowed.com/app.

Once they have logged in, it is important that this practice is done independently, without any help at home. If they are having difficulty with a concept, and the video tutorials on the site do not help, your child may either stop or go on to another section. We want the information that is gathered from Front Row to be a true picture of your child's skills. Should you have questions about how to access this program, please contact your child's teacher.

Thank you for supporting your child's education at home.

Sincerely,

Kristin Bernier
