June 8, 2017

Dear Thomaston Center School Families,

We're having another eventful week at Center School! Earlier this week we "tried out" our new grade level at Step Up Day. Today grade six will be heading out on a field trip while grade five will be cooking yummy treats in their self-created solar cookers. Tomorrow, grade four will be embarking on another field trip.

As a reminder, earlier this week families should have received a letter from the nurse regarding postural screenings for students. These screenings will take place beginning tomorrow, Friday, June 9, 2017. Please refer to the letter that was previously sent for further information or contact Mrs. Aniki, our school nurse, with questions at 860-283-3036 or daniki@thomastonschools.org.

As the end of the year approaches, please be aware that if you have medication stored in the Heath Office at Thomaston Center School, it needs to be picked up at the end of the school year. Medication must be picked up by adults and cannot be transported by the student. Please make arrangements with Mrs. Aniki to pick up this medication.

Please turn in all books and materials that belong to Center School before the school year ends. If you borrowed a classroom book, please return it to the classroom teacher. Library books need to be returned to Ms. Saramanidis in the Library Media Center. Please contact Ms. Saramanidis at msaramanidis@thomastonschools.org with questions.

Today you should be receiving a letter from the Mrs. Zitnay, our music teacher, about band instruments. Please refer to the letter from Mrs. Z about instructions on band instruments over the summer months. If you borrowed an instrument from our music department, they need to be returned no later than June 16, 2017 so they may be cleaned and repaired over the summer months. Also, incoming grade four families (current grade three families) should also be receiving a letter today via Power School from Mrs. Z about interest in chorus and band for next year. Should you have an incoming fourth grader (or know of one!) please be on the lookout for this letter as we want to fully include our new fourth graders in the music program next year. Questions should be directed to Mrs. Zitnay at kzitnay@thomastonschools.org.

As a reminder about next week, the sixth grade celebration of learning will occur on Tuesday, June 13, 2017 at 9:00 am in the Thomaston Center School auditorium. All families, especially sixth grade families, are encouraged to attend! We will showcase and highlight the learning of our sixth grade students. Please contact Mrs. Gail Lascko, sixth grade team leader at glascko@thomastonschools.org with questions about this event.

Next Wednesday, June 14, 2017 (weather permitting) we will celebrate Field Day at Center School! Please contact our physical education teacher Mrs. Renee Wojtczak at rwojtczak@thomastonschools.org with any questions about Field Day.

As always, we appreciate your support of your child's education.

Sincerely,

Kristin Bernier
